Education

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
B.Tech., CSE	National Institute of Technology, Patna	7.52	2024-28
Senior Secondary	DAV Public School, Patna	85.2	2021-23
Secondary	DAV Public School, Patna	85	2018-21

Experience

- **IEEE SB NITP [🌐]** *April 2025 - present*
  Web Developer Patna, India
  - Developed admin dashboard for official IEEE Student Branch website using Next.js and MongoDB, enabling management of 50+ members and leads with real-time CRUD operations
  - Implemented contact form backend using Nodemailer and EmailJS for the official website, automating inquiry handling and reducing response time by 80 percent
  - Built authentication system with secure login functionality and protected routes for admin dashboard access
  - Designed member and lead management interface, streamlining administrative workflows and improving data update efficiency by 60 percent

Projects

- **Portfolio Website: Full-stack personal portfolio with integrated contact functionality** *June 2025*
  Tools: Next.js, TypeScript, Tailwind CSS, Nodemailer, Vercel [GH]
  - Developed a responsive full-stack portfolio website using Next.js and TypeScript for type-safe development
  - Implemented server-side email functionality using Nodemailer API for seamless client communication
  - Created a modern, mobile-first UI with Tailwind CSS, ensuring fast load times and optimal user experience
  - Deployed application on Vercel with CI/CD pipeline, achieving 99.9% uptime and global edge distribution
- **SustainBite: Food rescue platform connecting donors with recipients to reduce food waste** *April 2025*
  Tools: Next.js, Next-Auth, TypeScript, Tailwind CSS, Leaflet Maps, Vercel [GH]
  - Designed a full-stack web application during college hackathon to connect food donors with local organizations and individuals in need
  - Integrated Leaflet Maps API to display real-time food donation locations, enabling users to find nearby surplus food within their community
  - Implemented secure authentication system using Next-Auth supporting role-based access control
  - Collaborated with a cross-functional team of 4 developers to deliver MVP within 24 hour hackathon timeline

Skills

- **Programming Languages**: C, C++, JavaScript, Typescript, Java, Python
- **Technologies**: Next.js, React.js, Nodejs, Express.js, MongoDB, Langchain, NumPy, Pandas, Scikit-learn
- **Tools**: Git, Github, Jupyter Notebook, VS Code, Google Colab

Certifications

- **Machine Learning Specialization**, Coursera - Stanford University *June 2025*
- **Supervised Machine Learning: Regression and Classification**, Coursera *May 2025*
- **Advanced Learning Algorithms**, Coursera *June 2025*
- **Unsupervised Learning, Recommenders, Reinforcement Learning**, Coursera *June 2025*

Achievements

- **Second Runner-Up, ByteVerse 2025 Hackathon -** Hackslash Club, NIT Patna *April 2025*
  - Led a 4-member team to secure 3rd position among 50+ participating teams in 24-hour collegiate hackathon

Positions of Responsibility

- **Web Developer,** IEEE SB, NITP *April 2025 - present*
